Dear Chairman,

Was very glad indeed to receive the swell box of candy. Of course, as is the story always, what one buddy has, the others have, too. And for me & my buddies I want to thank you very much for the gift. We sure did enjoy it.

Well, there isn't very much to say. The air echelon has left & now the ground echelon is here at Lowry Field all alone.

Was also very glad to have heard from Bryant College. Hope everything is o.k. there.

Well, until next mail call, cheers

Cy Ever,
